

Resident Traveling Fellowship in Pediatric Neurosurgery

The Joint Pediatric Neurosurgery Section of the American Association of Neurological Surgeons and Congress of Neurological Surgeons has established a traveling fellowship for residents in accredited North American neurosurgical training programs. The fellowship is intended to cover the traveling and living expenses for one month for a resident who wishes additional experience in Pediatric Neurosurgery during residency. The one-month fellowship can be spent at any pediatric neurosurgery program within North America to pursue an activity which broadens the resident's exposure to Pediatric Neurosurgery, including observation at a clinical or research center, participation in a research project, or any other relevant activity. Two fellowships per year are awarded on the basis of a competitive evaluation by a committee of the Joint Pediatric Section. The maximum fellowship stipend is \$2500.

The application must include:

- 1) A statement defining the purpose of the proposed fellowship;
- 2) Written permission from the applicant's residency program director to pursue the one-month fellowship if it is awarded;
- 3) A letter of acceptance from the Pediatric Neurosurgical program where the applicant will seek the fellowship;
- 4) The applicant's current CV

The strict deadline for application submission is October 30, 2010.

The completed application should be sent to:

Bermans J. Iskandar, M.D.
Department of Neurological Surgery
University of Wisconsin School of Medicine and Public Health
600 Highland Avenue, Room K4/832 CSC
Madison, WI 53792
