

Resident Traveling Fellowship in Pediatric Neurosurgery

The Joint Pediatric Neurosurgery Section of the American Association of Neurological Surgeons and Congress of Neurological Surgeons has established a traveling fellowship for residents in accredited North American neurosurgical training programs. The fellowship is intended to cover the traveling and living expenses for one month for a resident who wishes additional experience in Pediatric Neurosurgery during residency. The one-month fellowship can be spent at any institution within North America to pursue an activity which broadens the resident's exposure to Pediatric Neurosurgery, including observation at a clinical or research center, participation in a research project, or any other relevant activity. Two fellowships per year are awarded on the basis of an evaluation by a committee of the Joint Pediatric Section. The maximum fellowship stipend is \$2500.

The application must include:

- 1) Statements defining the purpose of the proposed fellowship and an estimate of expenses that will accrue to the applicant
- 2) Permission from the applicant's residency program director to pursue the one month fellowship if it is awarded
- 3) A letter of acceptance from the Pediatric Neurosurgical program where the applicant will seek the fellowship

The strict deadline for application submission is October 15, 2007.

The completed application should be sent to:

R. Michael Scott, M.D.
Department of Neurosurgery, The Children's Hospital,
300 Longwood Avenue
Boston, Massachusetts 02115.

(or via e-mail to: michael.scott@childrens.harvard.edu)
